Salt Lake City.

How to Consult Dr. Foote, Sen., by Mail.

How to Consult Dr. Foote, Sen., by Mail.

Dr. Foote, Senior, author of "Plain Home Talk", "Medical Common Sense," etc., etc., would say to those who would like to consult him by mail that they can have a list of questions and a circular of gratuitous advice by addressing Box 414, Salt Lake City. The doctor has arranged to have such information supplied in this way to save time. Receiving such printed matter the torrespondent can describe his or her case fully and direct to the doctor in New York. Dr. Foote is successfully treating all forms of chronic diseases, a specialty to which he has devoted thirty years of sindy and practice. Evidences of his success can also be had by addressing Box 414, as above, but all letters of consultation and orders for remedies should be addressed to Dr. E. B. Foote, Sr., 129 Lexington Avenue, New York City, N. Y. Consultation free.

An advertisement of Dr. Foote, Sr., in the Sunday edition deserves attention.

New York Stock Market.

New York, March 12.—11 a.m.— Stock market opened showwhat irregu-lar this morning, but changes in either direction were only from 14 to 14 per

are miss normal, site changes in earter direction were only from ½ to ½ per cent.

New York. March 12.—Government bonds dull and 36 adv.

A little more life was infused into stocks this aftermon, but the increased activity was at the expense of floctuations. A complianous teature this morning was the activity and weakness in Western Union, which opened at 63 and rapidly sold down to 60½. It was then about steady until after midday, when it again broke and the decline was not checked until 64½ was reached. From this there was a sight rally in the fluid dealings, and the stock closed at 64½ with a net loss of 3½, after sales of 88,000 shares. The remainder of the instressisted the influence of the cakness in Western Union until 2.11 and day, although the market via generally heavy, but on the reports that further serious trouble had taken place on the Gould roads, near St. Lowis, and that there was an increased possibility of further delay in an amnount ment of the Reading reorganization plan, the whole list weakned and continued so during the afternoon.

Not Symptoms. But the Disease

Not Symptoms. But the Disease
It would seem to be a truth apprecia
ble by all, and especially by professors
of the healing art, that to remove the
d sease, not to alleviate its symptoms,
should be the chief alm of medication.
Yet in how many instances do we see
this truth admitted in theory, ignored
in practice. The reason that Hostetter's
Stomach Briters is successful in so many
cases with which remedies previously
tried were inadequate to cope, is attributable to the fact that it is a medicine
which reaches and removes the causes
of the various maladies to which it is
adapted. Indignation, fever and ague
liver complaint, goot, rheumatism, dis
order of the bowels, urinary affections
and other maladies are not palliated
merely, but rooted out by it. It goes to
the fountain head. It is really, not
nominally, a radical remedy, and it endows the system with an amount of
vigor which is its best protection against
disease.
